Dear Huntersview community,

**We are beginning a process to adopt community agreements for all of us to follow.**

We greatly appreciate your suggestions and feedback for the addition of other agreements.

### **#1**

Our first is doing our part to keep the community safe for everyone especially our vulnerable population of elders and children. In order to do your part we have to be aware of the support that is out there for us to **CALL** on when we are in need or if there is something unsafe or dangerous happening in your community.

Please come see Nicole Yarbrough if you would like a larger version of the phone numbers to post.

Thank you everyone!
