As a gentle reminder for the Hunters View Community, please see information below regarding parking in San Francisco. More in-depth information about San Francisco parking rules can be found under the Getting Around section at sfmta.com.

SIDEWALK PARKING: A vehicle parked on any portion of a sidewalk can be cited for a sidewalk violation. A sidewalk citation can be given even if the pedestrian travel path is partly clear or if the vehicle is parked across a driveway. Sidewalks are the area between the curb and the building property line. Motorcycles are not exempt from sidewalk parking regulations. Blocking the sidewalks makes it hard for your neighbors to use the sidewalk and can be a hazard.

DOUBLE PARKING: Drivers may not stop or park a vehicle in a traffic lane, at any time.
